

Our Switch Kit will help take the hassle out of switching banks...

First and foremost, you need to go to your nearest Citizens National Bank branch to open an account. You will need the following information to complete the personal checking account opening process:

- * Valid ID with Current Address
 - If your ID does not have your current address, bring a piece of mail with your name and address on it as verification
- * Social Security Number
- * \$100 deposit

Switch to Citizens National Bank

This packet contains the following information to help make your switch to CNB as easy as possible!

- Sign and mail your **Authorization to Change Direct Deposit** form to your payroll department and any one else that automatically deposits funds to your account. If you are receiving Social Security or a government payroll or pension payment, go to www.godirect.gov or call (800) 333-1795.
- Sign and mail your **Authorization to Change Automatic Payment** form to all companies that are receiving automatic payments from your former financial institution.
- Go to www.cnbsomerset.com to enroll in CitizensNet online banking with bill payment. If you have payees, or scheduled or recurring online bill payments with your current institution, switch them to CNB.

After you verify that all your automatic deposits and payments have been switched to your CNB account, you need to close the account at your former institution. Make sure you leave enough money in your old account to cover any outstanding checks (for 10 days). Finally, shred any unused checks, deposit slips, and ATM or check cards from your old account.

Authorization to Change Direct Deposit

My account to the following financial institution has been closed:

Name of Former Financial Institution: _____

Former Routing Number: _____

Former Account Number: _____

Name on Account: _____
